Dear Dr. Kanarek,

Diana Wong previously contacted you in your interest and availability in participating in an upcoming TSCA SACC Meeting on the Agency's Draft Risk Evaluation for Asbestos (tentatively scheduled for April 27-May 1, 2020).

Greetings!

My name is Sharlene Matten. As Assistant to the Deputy Ethics Official, I will be performing the ethics review in conjunction with the Deputy Ethics Official for the Office of Science Coordination and Policy (OSCP), Hayley Hughes.

We need the following information (ASAP) to complete a confidential folder of information to conduct an ethics review and initiate the hiring process and final placement on a peer review panel:

- Please provide a completed **Confidential Financial Disclosure** form (see 3110 form attached or federal government employees can submit a current 450 form). The 3110 form requires a handwritten signature on the first page and you may print, sign, and scan that page to PDF and submit separately.

- Provide a response to **four questions** concerning impartiality with respect to your involvement with asbestos (see attached table – MS Word file).
- Provide a **Biosketch** using the attached template (this includes two PDF pages with fillable field-- save the file and submit).
- Send a current **CV/resume**.
- Provide your home contact information.
- For hiring purposes, we need to know whether or not you are U.S. citizen.

Please send responses to the [CFD-SRT@epa.gov](mailto:CFD-SRT@epa.gov) (this is especially important when submitting your Confidential Financial Disclosure form ... and if so, do not cc any other email address).

Thank you in advance for your consideration of my request. Some additional information on the Agency's chemical risk evaluation process is provided below my signature block.

Please don't hesitate to follow-up with questions.

Best regards,

Sharlene
